WHO WE ARE WHAT WE DO

We produce pasta in Riesa for more than 100 years. In doing so, we combine our traditions and a modern spirit until this day. Teigwaren Riesa GmbH is one of the largest manufacturer in Germany. The factory produces about 25.000 tons pasta per year. Therefore we believe in nativeness and a high quality of our products.

- 1914** - Pasta factory was founded by Großeinkaufs-Gesellschaft deutscher Consumvereine (GEG) with 81 employees
- 1942** - Purchase of the first full automatic pasta press
- 1979** - Purchase of a new production line for short pasta, Increase of the production capacities up to 12.000 t
- 1987** - Handing over a full automatic production line for long pasta
- 1993** - Takeover of the factory by Klaus Freidler and founding of Teigwaren Riesa GmbH
- 1997** - Market leader in the east of germany
- 2001** - Range expansion with tomato sauce and pesto named „Nudelkrönung“
- 2007** - Expansion with plant II
- 2013** - Expansion of the factory shop „Nudelkontor“ and building of the cooking studio
- 2014** - 100th anniversary, Revision of the packaging design
- 2021** - Market launch „Riesa pasta sauce“
- 2023** - Market launch „Riesa pasta pesto“, Relaunch of the pasta range, New packaging layout
- 2024** - Purchase of a new production line for spaetzle and laminated pasta

DEVELOPMENT PROCESS

STEP 1 - YOUR IDEA

Do you have an idea or a market wish?
The research and development of a new pasta recipe, with innovative raw materials, is our business specialty.

STEP 2 - GET IN TOUCH...

... and challenge us! Our competent and creativ team will support you to develop an innovative pasta recipe for your target market.

STEP 4 - TRIAL PRODUCTION

We bring your pasta to perfection.

STEP 3 - DEVELOPMENT PROCESS

We can test several creations under real conditions. Together we will find the best mix for your final recipe.

STEP 5 - OPTIMIZATION

Still not satisfied? Our product development team is always testing on optimizing shape, colour and taste to find your desired pasta.

STEP 6 - LARGE PRODUCTION

Our machines produce and package up to 100 tons per day.
